BOMBS INJURE EIGHT IN CROWDED STREET

Explosives Thrown Into Crowd of 100 Men.

PEBBLE FILLED TORPEDOES

Plumbers' Unions Recently Disagreed. Members of One Organization Sought to Harm Those of Other Union Who Gathered To Hold Meeting.

New York, July 30.—While peace negotiations between local unions, No. 2 and No. 480, of the Plumbers and Gas Fitters' association were in progress Friday evening, two bombs, or large torpedoes, filled with bits of stone or metal, were thrown from the Third avenue elevated railroad structure into a group of members of the latter union waiting outside Teutonia Hall at Sixteenth street and Third avenue for a meeting to begin.

Eight of the group suffered cuts and abrasions from the flying fragments.

Local No. 2 recently lost a strike against the Master Plumbers. The latter refused to employ any but members of No. 480, which is affiliated with the national organization, while No. 2 is not, and required the members of No. 2 to join No. 460. Many members were willing to do so and applied for membership in No. 480.

There was a section of No. 2's membership, however, which opposed the merger, and it is believed that some of that party were responsible for the bomb throwing.

Overtures were made, however, for an amicable merger, and both unions were in session at night for that purpose, No. 480 in Teutonia Hall, and No. 2 in the Clarendon hotel, in Eighteenth street.

About 500 members were inside the hall and 100 others with many of No. 2's members, who were seeking admission to No. 480, were outside on the sidewalk.

The bombs landed in the midst of this group. Several were knocked down by the force of the explosion, and others flung against the doors. None of the men were dangerously injured, and most of them were able to leave the hospitals after their injuries were dressed.

Bryan Will Speak in Kansas.

Kansas City, July 30.—William Jennings Bryan will open the Democratic campaign in Missouri with a speech at Kansas City on the night of September 6, according to Senator Stone. "On September 6 Bryan will be given a reception in St. Louis," said the senator, "and according to political calculation he will be in Kansas City the next night." After the speech here Mr. Bryan will go to his home at Lincoln, the senator said. Senator Stone said he expected 250 more democrats to go to New York to participate in the Bryan reception there. The senator said Mr. Bryan's speech here will be a keynote speech.

Cases Will Come to Naught.

Chicago, July 30.—Judge Windes decided Friday that many of the Iroquois theater cases will come to naught because of the carelessness of the plaintiff's counsel in letting the statute of limitations intervene. There are nearly 100 cases of injury pending in the circuit and superior courts. During the last week Judge Windes has been hearing demurrers and his decision is expected early next week. Most of the plaintiffs ask $10,000 damages. As many as 11 or 12 different causes of action are stated and demurrers have been filed to each.

Tie-Up Will Soon Be Ended.

San Francisco, July 30.—Through the strenuous efforts of the local officials, the problem of the local freight tie-up is fast approaching solution. The missionary work among the conscience is having a salutatory effect and Friday considerably over 300 cars were unloaded. It is believed that within a few weeks several thousand cars will be freed and the yards will be cleared enough to allow the distribution of the other cars of freight into the yards.

VETS APPLAUD MISS LEE.

For Refusing to Appear in "Uncle Tom's Cabin."

Nashville, Tenn., July 30.—Miss Agnes Lee, who has been playing at a local summer theater, has been discharged because she refused to appear in "Uncle Tom's Cabin," billed for next week.

Friday night the Frank Cheatham Bivouac, United Confederate Veterans at a special meeting, adopted resolutions commending Miss Lee, vigorously denouncing the play and requesting the owners of the theater not to allow its production in their house.

A subscription has been started in Miss Lee's behalf by sympathizers, without her knowlege, and it is said contributions are numerous and liberal.

Miss Lee is a Nashville girl, who has recently adopted the stage as a profession. She declares the play of "Uncle Tom's Cabin" is offensive to her, and to the people among whom she has been reared, and that rather than appear in a production of it she would sacrifice her ambition. She claims relationship to the family of Robert E. Lee, the confederate chieftain, and also to that of Jefferson Davis, president of the confederacy.

Will Force Corea Into Subjection.

Victoria, B. C., July 30.—The steamer Athenoian, which arrived Friday from Japan, brings news of further Japanese action to force Corea into subjection as a protectorate of Japan in furtherance of the treaty secured allegedly by force, last November. Japanese troops have been placed in charge of the Corean palace, entry of others than permitted by the Japanese resident marquis Ito is forbidden. Following the occupation of the palace by the Japanese troops, Marquis Ito demanded an audience with the emperor and they were together five hours. Afterwards orders were issued by the emperor, obviously by Japanese domination, for court reform.

Claim Against Field Estate.

Chicago, July 30—Dr. Frank Billings has filed in the probate court a sworn claim for $25,000 against the Marshal Field estate. The bill is for seve ndays' professional attendance on Mr. Field in a New York hotel when he was suffering from an attack of pneumonia that caused his death. The fee is believed to be one of the largest ever charged by a physician in the United States for services that did not include the performance of a surgical operation. It has been announced that there is no intention on the part of the executors of the estate to contest the claim of Dr. Billings. They readily accepted service of the papers in the case.

Hot Discussion Causes Cutting.

Calhoun, Ga., July 30.—As the result of a heated political discussion, John Collier, of Rome, seriously stabbed A. J. Wynn, near here. They were discussing the gubernatorial race when Collier became angry and rushed at Wynn. Wynn knocked him down and he got up. He started at him for the second time, when Wynn again knocked him down. Upon rising Collier cut Wynn across the forehead and throat and also a large place in his coat. It required ten stitches to dress the wounds.

Will Settle Claims.

San Francisco, July 30—R. R. Manners, adjuster for the Eagle Insurance company testified Friday before the grand jury that within the last week he had received advices from New York to the effect that he was to have the power to settle all claims in which it was decided the company is liable at 100 cents on the dollar. Last week he told the grand jury that he had been instructed to pay not over 75 cents. His first instructions were 50 cents, but they were later changed.

Not the Man Wanted.

Poughkeepsie, N. Y., July 30.—Fritz Constantine who has been held for eight days suspected of knowing something of the death of Mrs. Arthur W. Gentry, who was murdered at her home in Chicago last January, was released from prison Saturday. George Scott, of Chicago, who is intimately acquainted with this man, now Constantine in the jail and declared that he was not the person wanted.

LITTLE BUSINESS DONE BY MEMBERS OF HOUSE

Morning Consumed In Special Order Argument.

ONLY ONE MEASURE PASSED

Wright, of Floyd, and Nowell, of Walton, Urged that Members Be Forced to Attend, but No Action Was Taken by the House.

Atlanta, July 30.—The house of representatives accomplished but little in the way of legislation Friday, passing but one bill, that of Mr. Dunbar, of Richmond, to prevent the dominating of judgments, this being accomplished by providing that all executions and entries thereon shall be entered upon the general execution docket.

The remainder of the morning session was consumed in considering and discussing the report of the committee on rules, which recommended the limitation of debate to thirty minutes, and that house and senate bills involving amendments to the constitution should be taken up and voted on separately as to whether or not they should be made special continuing orders for the day and Monday.

The rule limiting debate to thirty minutes was adopted, after which the house voted down separately six house bills which were sought to be made special orders, and four senate bills. The only exceptions made were in making the bill of Mr. Galloway, of Walton, to amend the constitution relative to widows of confederate soldiers, and the senate bill to provide additional clerical assistance for the comptroller general, special orders.

Bills proposing amendments to the constitution must be passed by next Friday, or they will be ineffective, the constitution requiring the publication of such proposed amendments for two months prior to the general election. If these bills are not taken up out of their regular order on the calendar, they will not be reached in time.

At the afternoon session nothing was accomplished, there being but 96 members present. The bill which was made the special order, that of Mr. Galloway, of Walton, to pension widows of confederate soldiers who married on or before Jan. 1, 1870, requiring 117 votes to pass it.

In order to save the bill's status as a special order, the house adjourned at 3:30 o'clock, and the bill will come up as unfinished business on Monday.

The house met at 9 o'clock Saturday morning and passed between 60 and 70 local bills, which came up for a third reading.

Mr. Wright, of Floyd, offered a resolution to amend Rule No. 1 so as to empower the speaker to compel the attendance of members.

"Every day," said Mr. Wright, "members pick up their hats and walk quietly out of the house to go to ball games. As the rule now stands, the speaker of the house can only compel attendance when a roll call discloses the absence of a quorum. Unless something is done we can't keep enough members here to transact the business of the house."

On motion of Mr. Mitchell, of Thomas, the resolution was tabled.

The most vitally interesting matter that came before the senate was the favorable report on the Carswell anti-pass bill by the committee on constitutional amendments. The bill was placed on second reading, and will doubtless be taken up for consideration the latter part of next week. The measure includes prohibition of assemblymen accepting railroad passes, favors from telephone and telegraph companies, express companies and other such corporations. It also provides for raising of the salaries of the members of the legislature from $4 to $7 per day. It is believed that the bill will pass the senate, as it received a unanimous report by the committee.

No New Cases of Smallpox.

Colon, July 30.—No new cases of smallpox has been reported here since July 19th. Thirty five cases and one death have been recorded since July 5th.

BIG SAW MILL COMMENCED.

$160,000 Industry Started at Waycross, Georgia.

Waycross, Ga., July 30.—The Bailey Manufacturing company, who recently applied for a charter in this county, are preparing to erect in Waycross one of the largest saw mills ever constructed in this section of the country. The mill will be located just outside the city limits, and will cover 20 acres. The construction work on the big mill will commence in a few days.

The Bailey Manufacturing company has timber sufficient to keep the mill in operation for 25 years. Their timber starts near Waycross and extends for 36 miles west of the city.

The Bailey Manufacturing company will commence business with a paid in capital stock of $160,000, but probably twice this sum will be required to carry on their business. From 200 to 300 workmen will be required at the mill, and it is announced that 100 dwelling houses will be desired for the men as soon as they can be constructed.

Freakish Rain at Louisville.

Louisville, July 30.—A freakish rain that approached the proportions of a cloudburst in places, broke over the city Saturday. The cloud out of which the water poured seemed to circulate about the city at will, distributing the rainfall very unevenly. The rain was almost confined to the city limits of Louisville and caused a great deal of damage. At anchorage and other points east of here, a thunder storm broke through a clear sky. Shortly before the storm occurred a meteor was seen for a full minute illuminating half the heavens, but the weather forecaster, Mr. Walz, said the meteor did not have any effect on the storm.

Judge Parker on Elections.

Utica, N. Y., July 30.—Former Judge Alton B. Parker, in an interview here discussed the coming state election. He declared that the democratic party was rich in men who could fill the office of governor and mentioned among others, former Judge D. Cady Herrick, the party's nominee at the last election; John B. Stanchfield, of Elmira; Francis B. Harrison, of New York city; John Milburn, of Buffalo; William Church Osborne, of Putnam county; District Attorney William Travers Jerome of New York; Justice William Gaynor, Martin W. Littleton and Edward M. Grout of Brooklyn.

Decision is Affirmed.

Atlanta, July 30.—The mere fact that his witnesses were absent will not prevent Chilo Wall from again returning to the penitentiary he left a few years ago, after securing a pardon on a life sentence. Wall was convicted in the Rabun county superior court recently for assault with intent to murder. He asked for a new trial on the grounds of absent witnesses, but this was refused by the court. The supreme court affirms the decision.

Encourage Members of Parliament.

Rome, July 30.—The members of the chamber of deputies belonging to the extreme leftist party Saturday drafted a vigorous address to the members of the dissolved Russian parliament, encouraging them in the "noble fight for the cause of liberty and the redemption of their country" and saying that as they are backed by the sympathy and solidarity of the whole civilized world, their eventual triumph is absolutely assured.

"Atwood Fat Boy" Dead.

Chicago, July 30.—A dispatch from Arcola, Ill., says that Provie Henry, known throughout this section as the "Atwood Fat Boy," is dead. He was 19 years old and weighed 406 pounds. His waist measurement was 78 inches. His parents are under the usual size, as his father weighs about 140 pounds. His death was due to fatty degeneration of the heart.

Paris, July 30.—The budget committee is tearing up the estimates for 1907, striking out the salary of M. Deibler, Jr., the public executioner. Outspoken during the disappearance of the guillotine

GUERILLA BAND ROBS GOVERNMENT OF CASH

Murder Guards and Secure Sum of $80,000.

CAPTURE AMRS OF DEFENDERS

The Countryside Is Said To Be a Ferment and Sympathizing With the Marauders—Force of Troops Will Be Reinforced.

Warsaw, July 30.—A passenger train carrying government money and guarded by a detachment of soldiers and gendarmes, was attacked Saturday between Czenstchowa and Herby by a numerous, well armed band.

A heavy firing ensued, in which two gendarmes, four soldiers and two civil employes were killed and others of the guards were wounded. The attacking party carried off $8,000 and the arms of the defenders of the train. It probably was the same band which captured a train on Thursday, announcing that the revolution had begun.

Later details say that the attacking party consisted of ten revolutionists and that among the killed were General Zenkat, chief of the frontier guard, and General Weterring chief of the customs service. Four of the guards who were wounded sustained severe injuries.

According to the latest report the revolutionists escaped with $80,000, instead of $8,000.

The countryside is said to be in a ferment, and sympathizing with the guerilla bands.

The small force of troops operating in the district will be reinforced. Agitators are making capital over the recent incidents. They affirm that it will be difficult for the provincial administration to detach enough troops from the cities and towns to make the net large enough to catch the marauders.

M. Sidelnikoff, the radical Cossack member of the outlawed lower house of parliament, who was arrested and beaten in the hands of the police on July 4th, which caused a stormy scene in the house the next day, was fined $250 for carrying a revolver, which was found on his person when he was arrested.

The switch board in the central telegraph station in St. Petersburg was burned out Saturday destroying all. While there is a suspicion that the communication with the provinces accident was arranged by revolutionists, no evidence to report it can be found, and the telegraph department authorities are apparently satisfied with the explanation of the employes. However, the public is cut off from telegraphic communication with the interior for some time, but the government retains the possibility of communicating with the provincial authorities over the railroad wires.

Cable communication abroad is not affected.

Mexican Sheepmen Strike.

El Paso, Tex., July 30.—Mexican sheepmen are striking at Aguas Calientes as well as Chihuahua on the Mexican Central, asking for the same wages paid Americans. The strike threatens to tie up the roads. The head of the New Mexican Railway union declared that these strikers have unions of their own and do not belong to the big organization which is attracting much attention at present.

Fast Train Hits Wreck.

Pittsburg, July 30.—Pennsylvania's 18-hour New York and Chicago Flyer Westbound Train No. 9, dashed into a freight wreck that blocked all four tracks of the system, a mile west of Blairsville intersection about midnight. The engine left the track but all the cars remained on the rails and no one was injured. The train reached Pittsburg three and a half hours late and proceeded westward.

Hardeman Defeats Bennet.

Commerce, Ga., July 30—L. G. Hardeman, for state senator, Hobler and Finigan, for representatives from Jackson county, won by a good majority. Hardeman's majority over Bennet 300 to 1,000. Hobler, 500 to 600 majority. Finigan's majority [illegible]

THE ELKS WILL HAVE FINE HOME

Beautiful Turner Property Has Been Secured by That Order.

WILL BE AN IDEAL RESORT

Building Will be So Altered and Enlarged as to Make a Most Desirable Club House and Lodge Room—Good Work of Building Committee.

Gainesville Lodge No. 990, B. P. O. E., which was organized in September of last year, have arranged for a home, and will have an exclusive home and lodge room of its own within the next three months, which will be one of the most comfortable and most conveniently arranged in the State.

When the Gainesville lodge was organized, it was organized with a pure Elks' intention—to supply its members with the best and most luxurious comforts which could be provided in consideration of the financial standing and membership limit. A desirable lot was purchased on East Main street, St., but this lot was too large, and it required too much money, for the erection of the building at first desired, this building having been planned for an opera house, office rooms, etc. The matter was thoroughly discussed at the last regular meeting of the Elks, when it was decided to eliminate the commercial features altogether, building or securing only a strictly Elks' home and club house. A committee was appointed to secure plans and make all other arrangements. This committee got down to business at once, with the result that they, in connection with the board of trustees, decided to purchase the elegant Turner property, at the corner of West Liberty and South Pleasant streets. The entire matter was presented to the lodge at a especial meeting Monday night and was approved, with the result that the deal for the property, upon which an option has been secured, will be closed at once.

This property is among the most desirable in the city for purpose for which it will be used. The lot, which is 105x150, contains a fine residence, which is erected on modern plans. There will be some alterations, however, and the building will also be enlarged, a lodge room being added to the south side of the building. The halls are large, the rooms cool, airy and spacious, and just the thing for a desirable club house and resort for the Elks and their friends.

The committee on building was continued, which is to work in connection with the board of trustees of the lodge in the matter of altering and otherwise improving the premises as they may seem fit. It is said that about $2,500 will be expended in making the desired additions and changes. About $3,000 will be used in furnishing and equipping the place. Everything has been properly and satisfactorily financed, and there will be no shortage of money in carrying out the arrangements.

The committee, acting upon authority of the lodge, has disposed of the Elks' lot on East Main street, Turner Pound being the purchaser. Mr. Pound paid $4,000 cash for the property, which comprises a half block, bordering on East Main, East Masonic and South University streets.

The committee on building will secure estimates and bids at once, and it is certain that work in the matter of altering and enlarging the Turner house will begin at once. Within three months the Elks will have an independent and free home of their own.

Male Birds Lead the Way.

When birds are migrating the males usually precede the females. The robins, for instance, which are seen early in the year, are almost invariably males, which apparently traveled on before their mates. The female birds follow, perhaps because they are not so powerful and also perhaps because they like to take their time and gossip with one another. In the fall the male birds leave first—the old ones—while the females travel along together with their young, solicitous for their welfare and still training them after the fashion of mother birds.

A Polite War.

A little boy, with an interest in the meaning of unfamiliar words, said to his mother, "What is the meaning of 'civil?'" "Kind and polite," answered his mother. A puzzled look brooded for a second on the boy's face. Then he said, "Was it a kind and polite war that was in this country once?"—Pacific Unitarian.

THE GOORALS OF POLAND.

Honest, Hospitable and Brave, but Obstinate and Quarrelsome.

The character of the goorals has nothing in common with the humble peasants of the low country. In their good qualities and faults they rather resemble the proud noblemen of Poland. They are vivacious, honest, hospitable and full of pride, bravery and chivalry, on which one may always count. But their defects are grave. Obstinacy and quarrels lead them often to bloody fights, the lack of thrift is frequent among them and superstitions haunt them at every step. They love nature and in their songs praise their gigantic peaks, spruce forests and the clouds and rain. They build their houses facing Tatra, which they constantly observe and consult about weather conditions. A gooral cannot live without his mountains, and if he sometimes leaves them homesickness will soon bring him back.

They are very religious, but their Christian faith is mixed with old superstitions, and the Roman Catholic rites are mingled with weird, often very picturesque, usages which have their origin in the old Slavonic paganism. So, for instance, on St. John's night Sobotka is celebrated by burning bonfires on fields and hills and by dancing, a festivity which in pagan times was held on the summer solstice in honor of Sviatovit, the god of sun, fire and love.

On Easter holidays from every house various kinds of food are brought into the church to be blessed by the priest, or the priest, accompanied by a sexton, goes to the house, where on a long, white covered table cake, eggs and venison await his blessing. This is called swiocone. The table remains covered with food for a week to await all friends of the house that may come.

The Polish tongue among the mountaineers has pleasant, soft inflections, and their dialect resembles the old Polish of the fifteenth or sixteenth century. The picturesque and practical costume of the goorals consists of a coarse linen shirt fastened with a brass brooch; a serdak, which is a sleeveless sheepskin jacket of a reddish color, richly decorated with applique ornaments of colored leather and silk embroidery and lined with fur; tight fitting trousers of coarse, whitish, homemade woolen cloth, and a cloak called tsuha, worn usually over one shoulder. A black felt hat shaped like a mushroom and soft leather sandals (perpce) complete a costume that weighs from thirty-five to thirty-eight pounds, but is a good protection against cold and the rain which in these regions is frequent, for twenty days in a month are at least drizzly.—W. Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Pat's Escape.

An Irishman, meeting another, asked what had become of their old acquaintance, Patrick Murphy.

"Arrah, now, dear honey," said the other, "poor Pat was condemned to be hanged, but he saved his life by dying in prison."

She Would.

"I'm going up to interview your wife," said the society reporter. "Do you suppose she'll talk?"

"Do I?" replied the husband. "Why, she'll be talking when your twenty-second edition comes out."

A Railway Bull.

The recent intimation of an Irish railway that there would be "no last train to Cork" has apparently induced the Great Eastern Railway company to issue a placard stating that trains to Walthamstow will run "all through the night on week days."—St. James' Gazette.

Before and After.

"I think that every young woman should learn to play the piano before she is married."

"That's right. And forget it afterward."—Cleveland Leader.

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

THE LAW EXCHANGE SOLD AT GOOD PRICE

Original Owner Again Takes Possession of Property.

HAS CONFIDENCE IN FUTURE

For Many Years Mr. Miller Resided in Gainesville, Where He Was Successful and Made Money—Went to Jacksonville, But Returned Here to Live.

Real estate continues to move lively here. There are many important deals always on the tapis, and every once in a while an important deal is closed.

About eighteen months ago, Phillip Miller, who was for many years a successful business man and progressive citizen of Gainesville, decided to dispose of his interests here and look for more extensive fields in which to make a commercial graze. Mr. Miller, who owned the Law Exchange, one of the handsomest buildings in the city, sold the property to C. A. Colclough, the consideration being $21,000. Mr. Miller went to Jacksonville, where he engaged in the real estate business, but he has now decided to return to Gainesville and make it his home.

Among the first pieces of property which struck Mr. Miller's eye as being a desirable investment was the Law Exchange. Mr. Colclough stated to the proposed purchaser that he was perfectly satisfied, and did not care to sell, but after some time finally did consent, and sold the property back to the original owner for $25,000, making a clear profit of $4,000 on his investment, to say nothing of the revenue of something over $200 a month from the premises while he owned them.

The people of Gainesville are glad to see Mr. Miller back again, and are also glad that he has the confidence in the future of the city to make heavy investments.

LABORERS ARE WANTED.

Central Citys Defeated.

The first game of a series of three between the Central City baseball team of this city and the Valdosta team, colored, was pulled off on the local diamond Monday afternoon, and resulted in a defeat for the Central Citys, the score being ten to two in favor of the visitors.

Another game will be played this afternoon. It will be called at 3 o'clock, and an interesting game is anticipated, as the home team expects to strengthen up considerably.

TWO NEW ROUTES TO BE ESTABLISHED

People of Rural Districts Are to Receive Mail Regularly.

ROCKY POINT AND ARREDONDO

With Intermediate Points, Will be Next to be Favored—Routes Nos. 2 and 3 to be Established September 17. Examination on August 11.

As has already been announced through The Sun, the rural route system of mail delivery has become quite popular in this section. The first route, known as Route No. 1, which extended to Bennington and intermediate points and is made six days a week, has proved most satisfactory. The government has therefore decided to establish two more routes, to be known as Routes No. 2 and 3.

Route No. 2, which is quite thickly populated, will extend from Gainesville to Rocky Point and intermediate points, covering in service nearly two hundred families. Route No. 3 will be almost as important. It will extend to Paradise, taking intermediate all the families residing in the territory between Gainesville and Paradise.

Chief Clerk Benjamin T. Arnow of the Gainesville postoffice states that the examination for carriers for the routes above mentioned will be held in this city on Saturday, August 11. The examination will not be difficult, and any person of ordinary education, by the study of a few special points, will be enabled to pass successfully.

The examination consists of questions in geography, history, spelling writing, arithmetic, and the rapid reading of names and addresses, all of which are practically easy, if the applicant will take the time to "brighten up" a little.

This position pays $720 a year, but the carrier is required to furnish and feed his own horse. It need not be a Saratoga racer, however, as a carrier does not leave the office until 8 o'clock a. m., making a circuit of about sixteen miles, and returning at 4 p. m.

Application blanks may be secured through the postoffice at this point.

MELROSE MENTION.

Big Picnic August 11—Funeral of Ed. Granger—Other Notes.

Melrose, July 30.—Mr. and Mrs. von Noszky left last week for the North, Mrs. von Noszky going to England and Mr. von Noszky remaining in New York.

Mrs. A. W. Craig, Miss Claude McRae and Miss Mary Barnett left Saturday for a month's stay in Hendersonville, N. C.

Mrs. Julia Moore and daughter Maud have moved to Titusville, Fla.

Mrs. W. P. Riles returned to her home in Palatka Tuesday.

Mr. and Mrs. Memory Baldwin returned recently from their trip to Jacksonville, St. Augustine and other places.

The young people enjoyed a pillau at Mr. Jackson's shop Thursday night.

G. M. Lynch and Dr. J. H. Alderman were in town on Sunday.

Mrs. Coward is rapidly improving from her long illness.

The body of Ed. Granger was brought here Saturday for burial. Funeral services were held in the church, Rev. T. H. Sistrunk officiating. Mr. Granger worked for the turpentine industry at Bartow and was shot by two darkies, who have been caught and put to death.

Our annual picnic will be held at James Martin's on Aug. 11, four miles east of Melrose, on the Melrose and Palatka road. Come one, come all, and bring well-filled baskets and let's duplicate the good times we have had on the lake. There will be music by Campville string band. Professors Dyess and Beckham, leaders. Ice cream and other refreshments will be served by Lee Bros. of Melrose.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Duarrath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

The Most Popular Chew Made

There is real enjoyment in chewing SCHNAPPS tobacco. That's why it has won millions of chewers every year, until now more is sold than all similar tobaccos.

SCHNAPPS, the most popular product of the Reynolds factories, is manufactured in the very heart of the Piedmont tobacco belt, known to the world as producing tobacco with an aroma so delightful and appetizing that it introduced and popularized the chewing of tobacco.

Schnapps

The Clean, Pure Chew

is manufactured by the cleanest and most healthful processes ever devised, under the direction of men who have made the chewing tobacco business a life study, and who have managed the R. J. Reynolds Tobacco Company since 1875.

Only choice selections of thoroughly cured leaf are used in SCHNAPPS, and expert tests prove that this class of tobacco requires and takes a smaller amount of sweetening than any other kind of tobacco grown—and that it has a wholesome, stimulating and satisfying effect on chewers, besides being the most economical.

There are a great many imitations claiming to be "just as good" as SCHNAPPS, but there is only one *genuine* SCHNAPPS. Be sure the letters on the tag, and under the tag, spell S-c-h-n-a-p-p-s. There are more pounds of SCHNAPPS chewed every year than the total amount of all similar kinds.

Internal revenue statistics show that SCHNAPPS and others of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

SCHNAPPS is made and sold everywhere in 5c. cuts and 10 and 15c. plugs.

In the Mayor's Court.

There was a lively session of the mayor's court Monday morning, the following cases having been disposed of:

Jim Rainey, disorderly conduct, $2.50 and costs or thirty days.

Marion Williams, disorderly conduct, $5 and costs or thirty days.

Anthony Little, riding bicycle without a light (second offense) $5 and costs.

John Knight, drunk and disorderly, and carrying a pistol, $25 and costs.

Knight was arrested by Conductor Gilmer of the Citra-High Springs train at or near Alachua Sunday afternoon. He was endeavoring to beat his way on the train, it is said, when Conductor Gilmer happened to notice the gun in his shirt front, took it away from him, arrested him and brought him to Gainesville, when he was turned over to the officers. He promptly paid his fine and made haste to leave the city, in fear that the county officers might "nab" him.

The newspaper man who styles himself "journalist" is generally a conceited bag of wind whose articles have to be edited before they are fit to appear in print.

Considering that the administration has had full swing at Panama and all the money it asked for for over two years, it is rather disheartening to hear Secretary Taft say the American people are in too big a hurry to see the dirt fly.

Leon county, of which Tallahassee is the county seat, will vote on the wet and dry question again this fall. The "blind tigers" have been giving the people no end of trouble since the county went dry. The good people of Old Leon should exterminate the "varmints" and keep the county dry.

Notwithstanding that Hon. D. U. Fletcher is one of the leading attorneys for the Jacksonville ice trust, he has been selected as a member of the reception committee on the occasion of the return of Col. W. J. Bryan from his European tour, when he will be given a "grand blowout" in New York.

Hon. W. K. Zewadski has removed from Ocala to Springfield, Ill., where he and his excellent family will make their future home. Mr. Zewadski was one of Florida's ablest lawyers and best citizens and his removal is deeply regretted by his hosts of friends throughout the State, all of whom wish him health and prosperity in his new home.

Many Florida towns are taking active steps to have better depots erected at their railway stations. Gainesville's Board of Trade would do well to act along the same line. The three railroads entering this city should provide a union passenger and freight depot for the accommodation of the public, and if they will not do so of their own accord an appeal to the Railroad Commission would no doubt accomplish the desired object.

THE BEEF PACKERS' VICTORY

Former United States Senator Mason of Illinois charges that Congressman Lorimer was instrumental in mutilating the meat inspection bill in the interest of the Beef Trust. In his characteristic speech he said:

"It was the influence of Lorimer that took off the stamping and dating of cans of preserved meats, and I charge that this was done in violation of the common law of common decency.

"He secured, in the interest of the packers, an amendment of the bill whereby the marking is left so you cannot tell whether the goods you are buying is five days or fifteen years old, and left it so if you have the temerity to inquire what you are paying for the packer can reply: 'Why, you poor, dear, pin-headed American citizen, it's none of your business.'"

What were the other Republican Congressmen doing, and why did President Roosevelt sign the bill, when he declared that without the stamping of dates the public would not be protected and the bill would be "very, very bad?" It must also be remembered that the people have to pay for the inspection, amounting to about $3,000,000 a year, and yet are not protected by knowing whether the inspection took place this year or ten years ago. That is also "very, very bad."

ABOUT THE LIMIT.

The Tribune confesses a pained surprise to the extent to which the people of Lake City have gone in their efforts to handicap the removal of the State University to Gainesville.

It was all right to exhaust legal means to prevent the removal, but to resort to the petty meanness of refusing to hire teams to haul the effects of the University to the train, after all legal efforts had been knocked out by the courts, was about the "limit" of obstruction.

The Tribune congratulates the people of Gainesville on the unusual but prompt and effective manner in which they surmounted the obstacles thrown in their way by the jealous Lake Cityites. They simply shipped the necessary teams from their own city and had the hauling done.

It is hoped that this final ill-tempered bit of retaliation on the part of Lake City marks the finish of that town's opposition and that the University will duly proceed to begin a successful career in the live, energetic, hustling and above all, "square deal" city of Gainesville.—Tampa Tribune.

The President's experience in detailing Taft to make the North Carolina Republicans "get together" having proved such a dismal failure, he is rather at a loss to know who to send to Iowa on a similar errand. If President Roosevelt would keep the discredited Shaw out of the State and speak a good word for Governor Cummins, who is fighting the rotten Republican machine, the Iowa factional fight would settle itself to the satisfaction of honest men.

The prosecution of the Jacksonville ice trust, in the criminal court of Duval county, resulted in a mistrial, the jury being reported to have stood five for conviction and one for acquittal. Solicitor Bryan says he will continue the prosecution until he breaks up the alleged trust. It is also reported that Attorney-General Ellis will bring suit to compel the ice company to show cause why their charter should not be forfeited.

The supreme court of Georgia having denied the motion for a new trial, J. G. Rawlins, his two sons and the negro, Alf Moore, will be hanged at Valdosta next Friday, August 3rd. They were convicted of the murder of the Carter children, near Valdosta, and the crime was one of the most diabolical in the history of Georgia.

Judge Malone of Quincy has ruled, in the case of Peter Horn, that the State Board of Pardons cannot compel him to return to the convict camp to serve the balance of his sentence. Horn was recently arrested at Quincy and ordered to return to the convict camp to serve the balance of his sentence, having violated the conditions of his pardon by being drunk and disorderly. He was convicted in Gadsden county in 1898 for assault with intent to kill and sentenced to five years in the convict camps. He was granted conditional pardon in January, 1901. Judge Malone ruled that the term of original sentence had expired and the board could not send him back to prison and has ordered him released.

In Maine the Republican spellbinders, headed by Speaker Cannon, will soon be at work telling the farmers and workingmen that their prosperity is due to the wise and beneficient legislation of a Congress that spent most of its time considering what not to do next. In Congressman Littlefield's district they will be hampered by the fact that he opposed the President and voted against the railroad rate bill, and was bitterly hostile to labor legislation.

Mrs. Neva C. Child, editor of The Arcadia Champion, ought to be happy. She says: "The change from a Barn-Stable-Press-Room, a Dining-Room-Kitchen-Composing-Room, and a Parlor-Business-Office-Library-Stock-Room, to a real, down-town printing office with just the lights overhead that we've been dreaming of, with plenty of elbow room, lots of breeze and comfort, is what has happened to The Champion this week."

Hon. Geo. W. Wilson, editor of The Times-Union, has sufficiently recovered as to be able to leave with his family for New York, where he will receive special medical treatment. His many friends will anxiously await news of his entire recovery.

RAWLINGS FACING SCAFFOLD.

Supreme Court Refuses to Interfere in the Execution of Sentence.

Atlanta, July 30.—J. G. Rawlings and the negro, Alf Moore, will be hanged next Friday in Lowndes county for the murder of the Carter children unless some quick action of the defendants' counsel or the pardon board interfere.

The supreme court has handed down a decision denying Attorney Jno. R. Cooper's extraordinary motion for a new trial for old man Rawlings' sons, Jesse, Milton and Leonard. If nothing else is done the Lowndes superior court will set a day for hanging Jesse and Milton, while Leonard, on account of his youth, will be sent to the penitentiary for life. The three sons were also convicted of the murder simultaneously with their father.

Friday afternoon General Evans and Colonel Eason, of the pardon board, discussed the many petitions for pardon which have been forwarded in behalf of all the Rawlings and the negro, too, but came to no conclusion. The refusal of a new trial by the supreme court was for the third time.

It is held by the supreme court that this and the other motions for new trials hold good in this case and that a review of the proceedings cannot be entertained. The court also decrees that old man Rawlings' confession that he hired Alf Moore to do the murder and that his (Rawlings') sons are innocent of any connection with the crime, is not ground for new trial. The plea of counsel for Milton Rawlings, based on the allegation that he is insane, is not given weight as evidence, because this was not adduced in the trial. It is finally ruled that none of the forwarded grounds for a new trial on extraordinary motion warrant another trial. It was also decreed that the lower court was not in error when it overruled a motion for another trial.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

Crusade Against Gambling.

Providence, R. I., July 30.—One of the most extensive crusades against gambling ever undertaken in this state is under way by the sheriffs, who are, it is said, acting on instructions from the governor. The activity of the officers is causing a general exodus of promoters of gambling from the state.

Two Killed by Lightning.

Richmond, July 30.—At Alberne, Albemarle county, Friday evening, lightning struck the house of U. G. Gay, killing Mrs. Gay and her brother, Mr. Christus Gay, shocking severely Mr. Gay and two children and tearing the building to pieces.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala. Oct. 28, 1905.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. Potter Drug and Chem. Corp., Sole Props., Boston, Mass.

Hartje Divorce Trial.

Pittsburg, July 30.—That two more arrests are to be made in connection with the scandal growing out of the Hartje divorce trial, was a current rumor Saturday. The parties it is said, have been prominently identified with the case, and the arrests are to be made after the court has received all the evidence in the divorce proceedings. The charge, it is said, will be forgery and conspiracy.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

Man Is Shot Through Eye.

Rochelle, Ga., July 30.—G. F. Nasworthy became disorderly and resented arrest. Nim Collins, a prominent young man of this place, went to assist the marshal and was fired on by Nasworthy with a shotgun loaded with small shot which penetrated Collin's face, putting out one eye. Nasworthy succeeded in making his escape and posses are now on his trail.

Trade Agreements Delayed.

Berlin, July 30.—Chancellor Von Buelow, it is learned, will not take up the subject of a fresh trade agreement with the United States until after the congressional elections. A certain impropriety is felt in seeking to open negotiations regarding the direct issues of the campaign until it is over. There is also a feeling at the foreign office that the results of the elections may indicate the sentiment of the country on lower tariffs, possibly making it easier for the administration to reach a decision as to how far to ask congress to meet Germany's hopes.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

Five Peasants Killed.

Proskuroff, Russia, July 30.—Near the village of Chernipoff a detachment of dragoons sent to arrest two agitators were met by a crowd of peasants armed with scythes, rakes and pitch forks. In the fighting which followed, five peasants were killed and 12 dragoons were wounded, three of them fatally.

Lieutenant England Killed.

Chee Foo, China, July 30.—Lieutenant Clarence England, navigating officer of the United States cruiser Chattanooga, was wounded at about noon Saturday by a rifle bullet fired by a member of the crew of the French armored cruiser DuPetit Thouars and died at 6 o'clock.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and so far the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly, makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Put Off Wife With Jail Garb.

Columbus, Ga., July 30.—Charged with bigamy, Gene Ellis, a white man, was bound over by Judge Hargett, and went to jail in default of making a bond. The circumstances in the case are rather unusual. He was convicted of assaulting one Jhon Harris, and was sent to the penitentiary. After serving a portion of his sentence he was pardoned. Instead of going to his home, where his wife awaited him, it is alleged that he loitered on the way and married Susie Wiley. The first wife then brought action against both her husband and wife No. 2. The latter was also assessed a bond by the magistrate and gave it.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn *why* this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

A Too Familiar Snake.

Seeing snakes is a common experience with the inhabitants of India and one unconnected with any suggestions of bibulousness. An English nurse tells of a little boy who lived in the next bungalow to hers and had his bread and milk every day on the veranda sitting in a child's high chair. One morning, hearing him talking and crowing to himself apparently, she was paralyzed on looking out to see him gently tapping the head of a cobra with his spoon, saying, "Naughty, naughty!" The snake was drinking the milk out of the bowl, paying no heed to the child. In that mysterious country the snakes may be heard rustling across the verandas and have an untidy habit of shedding their skins anywhere.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

THE LONDON COSTER.

He Is the King of the Curb in the British Metropolis.

London's outdoor man is the coster. He is the Ishmael of the gutters. A very jolly Ishmael, it is true, who is more than content to acknowledge the line of demarcation between himself and the true cockney. But, nevertheless, in a modified, twentieth century way he is still the wild man whose hand is against every man's and every man's against his. He is probably the last remnant of the world's old race of wanderers—the last suggestion of the primitive man—left to the cities. He is to us town dwellers what the gypsy is to the countryside. His descent seems to spring from the same roving stock. And he is regarded, from a safe distance, with the same contempt by those who don't know him. His habits and his impulses still savor strongly of the days when tribe warred against tribe and every man's arm was for himself and his clan. And, although his pitch is below the curb, his caravan a barrow and his beast of burden a Russian pony, a donkey or himself, he is as free and exclusive as any other lusty scion of the people who live under the skies. Ishmael he is, and Ishmael he chooses to remain. And the chances are ten to one that whoever goes a-fishing for information among the barrows will come back with an empty creel or a fine show of fishermen's tales, for your coster knows both how to keep silence and how to use his tongue picturesquely in defense of his jealously guarded traditions and the internal economies of his existence.—Outing.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

Fort Saratoga.

With the history of Old Saratoga the names of Schuyler and Livingston are closely associated. Fort Saratoga was built in 1690 by Major Peter Philip Schuyler, and around it grew up a small settlement which suffered many vicissitudes during the troublous times of the next hundred years. Lying on the thoroughfare from Canada to New York, this northern valley of the Hudson was always in dispute in the French and Indian war, and in the Revolution until the great battle of Saratoga—the first victory over which the American flag waved, and one of the fifteen decisive battles of the world. The actual battleground is several miles away from the settlement and is marked today by many stones recording the brave deeds of our American soldiers. The house still stands in which Arnold was confined as prisoner and from which he escaped in time to help turn the tide of battle toward victory.—Four Track News.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free

He Showed the Way.

On the 16th of August, 1807, Colonel Michel Ney, duke of Elchingen, having received orders to charge, turned to his men and shouted to them in a voice of thunder:

"My lads, I have an income of 300,000 francs, and you haven't a farthing. Keep your eye on your colonel as he charges, and do as he does."

So saying, he rode off as hard as he could tear in the direction of the enemy. The whole regiment followed him as though electrified.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs as pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

A Serious Breach.

Intimate Friend—What was the breach of senatorial courtesy of which you accused Senator Graball? Senator Grafton (fiercely)—Why, the scoundrel approached the interests I represent and offered to work for 25 per cent less legal expenses than they're paying me! —Puck.

Power exercised with violence has seldom been of long duration, but temper and moderation generally produce permanence in all things.—Seneca.
